Technical Skills

- **Programming:** C#, C++, Python, C, Java
- **Game Development & Real-Time 3D:** Unity, gameplay programming, 2D/3D game development, AR, VR
- **Computer Graphics:** OpenGL, GLSL shaders, real-time rendering, 3D geometry and animation
- **AI and Computer Vision:** Machine learning, deep learning, image processing, computer vision
- **Web Development:** HTML, CSS, JavaScript, PHP
- **Database:** SQL
- **UI, UX:** Qt, Figma
- **3D modeling and animation:** Blender (self-taught)

Languages

- **French**: **native**
- **English: fluent**
  - Cambridge Certificate: C1 level
  - TOEFL ITP: Score 640
  - Erasmus Virtual Exchange
  - One year of university in the USA
- **Spanish: B1 level**

Interests

- **Personal Projects:** 3D Modeling (Blender), Game Development, Video Editing (Final Cut Pro)
- **Flute:** 14 years of practice (End of Musical Studies Certificate)

Kimia SENICHAULT

Game Development & Computer Graphics

Master's graduate specialised in Interaction, Graphics & Design, with experience in Unity and C# game development, as well as C++, OpenGL and GLSL.

Education

2024-2026
Master of Computer Science: Interaction, Graphics & Design
Institut Polytechnique de Paris, Palaiseau, France
Graduated with Honours
Projects in OpenGL, Unity, AR, Computer Vision, UX, AI

2023-2024
3rd year of Bachelor's Degree in the United States
University of California, Riverside, USA
Grade: 17.7/20
Projects in software engineering (game development), AI, Computer Graphics

2021-2024
Bachelor's Degree in Computer Science
University of Bordeaux, France
International curriculum
Graduated with highest honors: 17.5/20

2018-2021
French Baccalauréat with English European Section
Victor Louis High School, Talence, France
Graduated with Highest Honors
Specialities: Computer Science, Mathematics, Physics-Chemistry

Experience

March-September 2026
Research internship - Interdigital, Rennes, France
Digital Clothes Representation for Avatar Communication
- Developed a processing pipeline for the efficient representation and compression of digital clothing animation data
- Contributed to 3 patent applications
- Tools: Unity, C#, Python (PyTorch), Blender

2022-2023
Ambassador for girls' computer science awareness - University of Bordeaux, France
- Promoted computer science to middle and high school girls through workshops and conferences

July 2022
Seasonal Inventory Assistant - Régaz, Bordeaux, France
- Responsible for inventory management and data entry
